## FOOTBALL ACADEMY

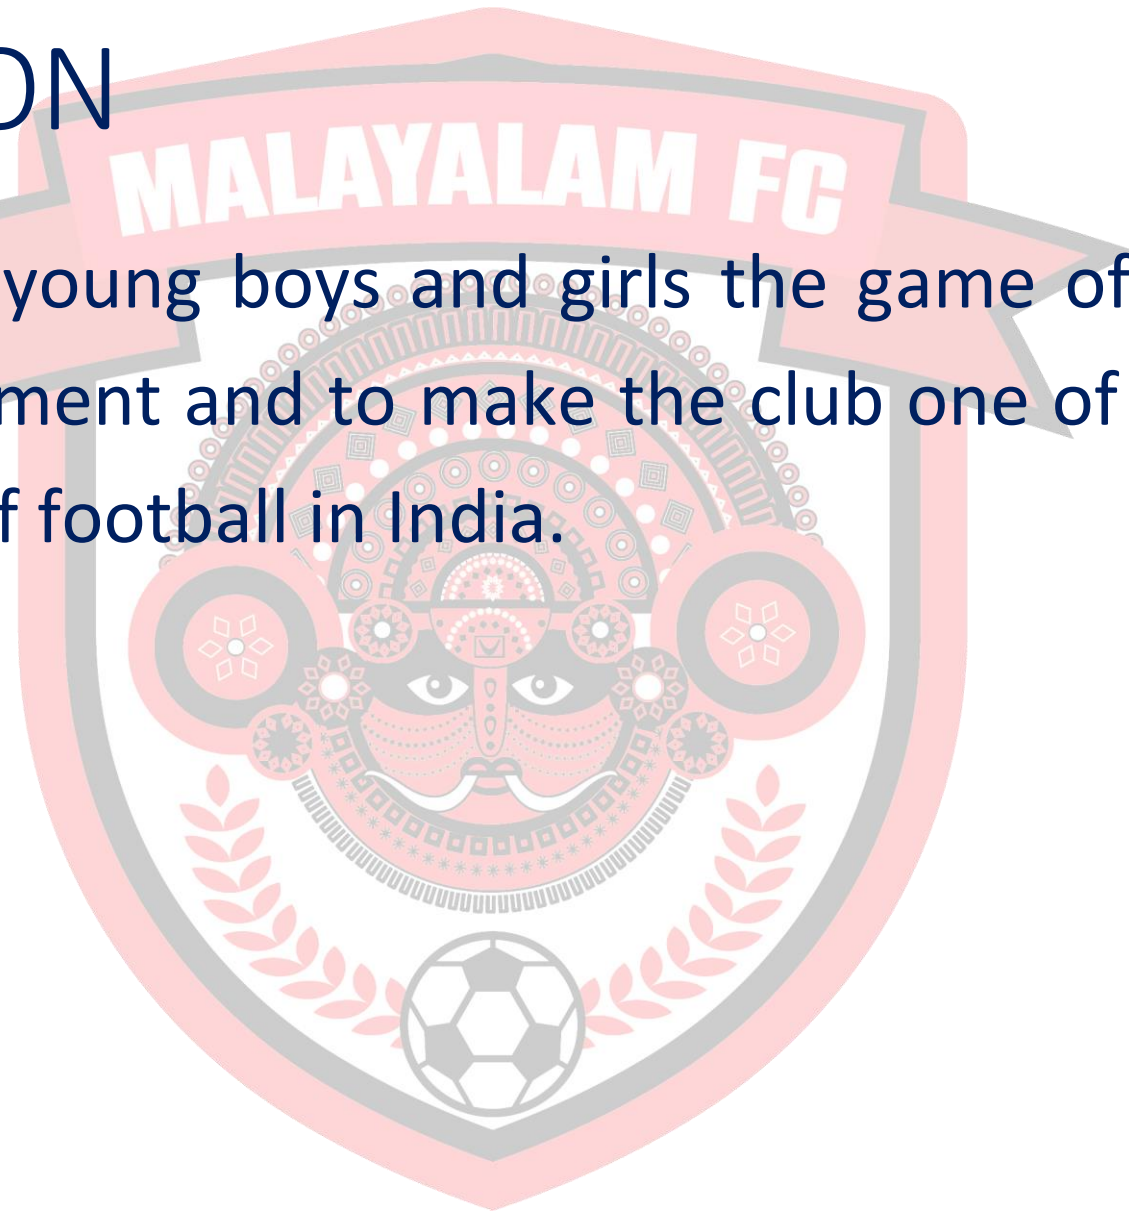

# INTRODUCTION

In the real world, an academy in an organized college or institution, where special subjects or skill are taught. Obviously, a football academy is the place where junior footballers go to learn the right techniques and tactics to prepare them for a professional career in this sport. Most young people enrol into a football academy for one basic reason: to learn how to become world-class professional footballers.

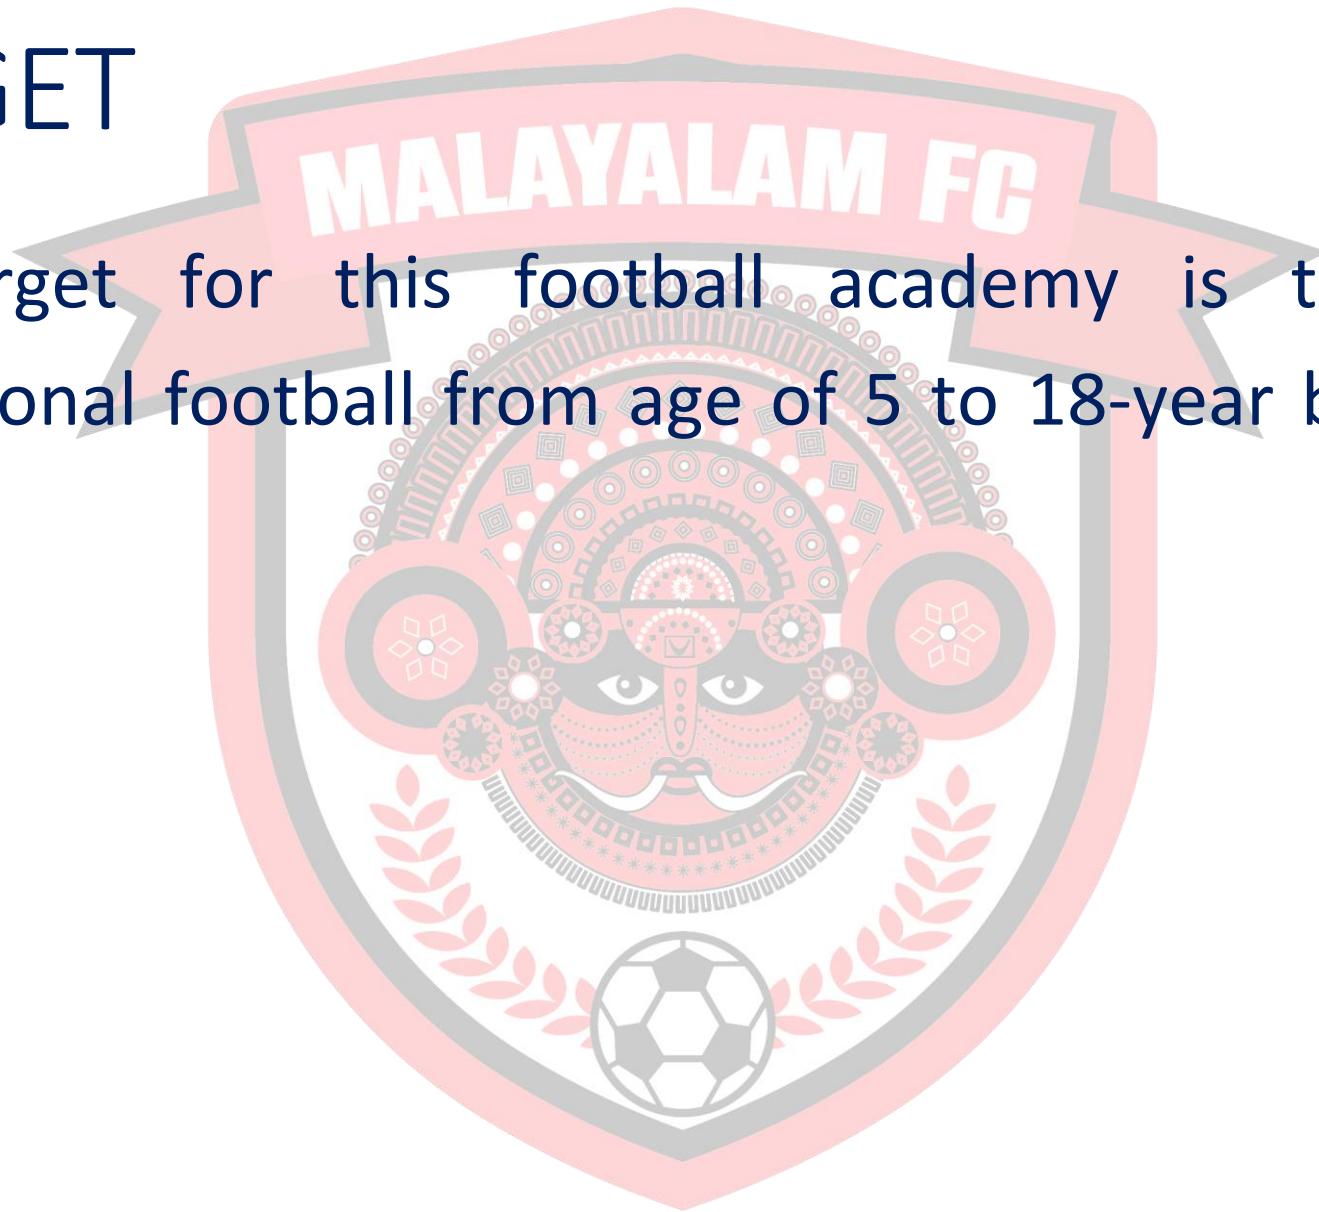

# THE VISION

To teach the young boys and girls the game of football from the rudiment and to make the club one of the best in the game of football in India.

# TARGET

The target for this football academy is to teach professional football from age of 5 to 18-year boys and girls.

# PURPOSE

- To teach the pupils the game from the fundamentals
- To develop and improve the technical abilities of our young players.
- To identify the talents
- To promote good health through sports
- Create opportunity for recreation
- To encourage them to lead a healthy lifestyle.
- To promote the inter-personal relationship amongst football players.
- Adding values to the life of pupils.
- To promote grass-root sports development.
